

Professional Readiness for Innovation, Employability and Entrepreneurship

PROJECT DESIGN PHASE-II

Project Report for week 7 (03rd-08th October 2022)

Project Title: Nutrition assistant Application

Mentor Name: Mr.S.Vijayakumar

Team Members:

- Shivaani B (Team Leader)
- Sri Varshini R A
- Sowjanya G
- Durga P

On October 5th we discussed the ideas about the customer journey map with our team mates. On October 6th we had a session about Docker where we learned how to install Docker, Docker architecture, commands used in Docker and running the Docker file and how to connect the Docker image. On October 7th our team discussed and completed all the process of Docker WSL2 installation.

On October 8th we submitted the customer journey map and assignment 3 which is to create a bucket in IBM cloud object storage and upload and display the image in html page, create a chatbot for hospital management and integrate with webpage.
