

Professional Readiness for Innovation, Employability and Entrepreneurship

Project Report for week 1 (22-27th August 2022)

Project Title: Nutrition assistant Application

Mentor Name: Mr.S.Vijayakumar

Team Members:

- Shivaani B (Team Leader)
- Sri Varshini R A
- Sowjanya G
- Durga P

In week 1 we onboarded the course and attended the orientation sessions regularly and came to know more about this course. After that we decided on the project usecase, we are interested in. On 22nd August 2022 we got approval from the college SPOC and able to access the resources in the dashboard.

We all got the access to the guided project workspace and joined the mentoring channel. We referred all the guided project template and pre-requisites mentioned on 24th August.

We all registered for the IBM-skillbuild and started doing some courses to get the credits. In the project workspace, all the members of the team collaborated our Github with the IBM-Project repository through our respective Github usernames. On the 27th August, we received the mail regarding the pre-requisite that are needed and installed it according to the instructions.
